

INTRODUCING

PORTABLE PET DRYER

The MetroVac Air Force® Quick Draw® Mini is the safest way to dry pets at home or on the go.

The MetroVac Air Force® Quick Draw® Mini is a lightweight and portable grooming dryer that's every pet owner's dream.

With the ability to dry even the largest, long-haired dog in minutes, the Quick Draw® Mini produces 5X more blowing power than a human hair dryer and is safer to use.

Featuring a lightweight but durable, all steel construction that will last through years of grooming sessions, the Quick Draw® Mini is the most efficient way to dry your pets at home or on the go.

FEATURES:

- Effective for all coat types
- 5 times more powerful than human hair dryers
- Dries pets without burning skin or damaging coats
- Features warm air generated by the friction of the motor creating "gentle heat" (approximately 25-30 degrees above ambient), making it safer than a human hair dryer
- Lightweight and portable
- Durable all-steel construction
- Made in the USA
- 1 year warranty
